

# Rhayader & Llandrindod Bridge Club

Crossgates Community Centre

Our **Seminars** with **Play and Learn Club** on Wednesdays, ably managed by Neville, Les, Barbara and Rita will continue throughout 2019. Table money is only £3.00 which includes refreshments and printed handouts. Each session has a Power Point presentation with set hands to illustrate the subject, student notes and the occasional quiz. Audience participation is encouraged. The seminar is followed by mentored play of up to 20 boards with hand records. Discrete questions may be asked of the session leaders, inexperienced players may refer to notes and although etiquette will be observed it will be fully explained. The club is ideal for any player undertaking lessons, any with limited experience, those just returning to the game, those wishing to improve their game, or anyone looking to test new systems or partnerships.

We have a thirty minute break at around 1pm for lunch with tea, coffee and home made cake available to supplement your own picnic.

This is a highly social and friendly session looking to gently introduce players to our club and the scene at large, any player/s at any standard looking for a game on Wednesday from 11am - 3pm are most welcome. The session may be scored and uploaded to this website but is not WBU master pointed; existing members of any standard are encouraged to come along, experienced players are most welcome to offer their assistance. Why not support the club's efforts by visiting sometime?

We would also like to remind members that those of you who play regularly during our **Friendly Wednesday** sessions will be able to obtain **free** ad-hoc customised lessons or mentoring sessions from either one of our teachers or some of our more experienced players. Please ask if interested in improving your game.
